Revised Official Monthly Reporting - OMR Job Aid Posted

The Official Monthly Reporting - OMR Job Aid has been revised to provide reporting guidance to address scenarios in which a borrower in a permanent HAMP Modification completes a Federally Declared Disaster (FDD) Forbearance Plan.

The updated guidance includes:

- HAMP Reporting Tool Modification Status Upon Forbearance Plan Exit; and
- Resumption of Official Monthly Reporting Upon Forbearance Plan Exit

The revised document is available at the link below, which can be viewed within the Learning Center Tab under Job Aids in the HAMP Section on HMPAdmin.com.

Additionally, we remind Servicers that, effective May 2018, the HAMP Reporting Tool will only accept Official Monthly Reports through the Sixth Business Day (BD6) each month.
