

HAMP Reporting Tool Release Preview

January 28, 2011

On Monday, March 28, 2011, Fannie Mae, as program administrator for Home Affordable Modification Program (HAMP), plans to implement the following enhancement to the HAMP Reporting Tool:

- updates to data quality edits and data attribute definition

With this release, no new data attributes or transactions will be introduced; however, as part of an ongoing process to enforce data quality, new rules and updates to existing rules will affect various data attributes. Also, a new data attribute definition for Escrow Payment Before Modification will be updated in the HAMP and Treasury Federal Housing Administration (FHA)-HAMP data dictionaries.

The following data dictionaries will be updated to support this release:

- HAMP Data Dictionary
- HAMP Additional Data Reporting Data Dictionary
- Home Affordable Foreclosure Alternatives (HAFA) Data Dictionary
- Second Lien Modification Program (2MP) Data Dictionary
- Treasury FHA-HAMP Data Dictionary

Data dictionaries have been updated to support enhancements in the March 28 release. Servicers should refer to both the Revision History tab and the new Change Log tab in each data dictionary for updates and changes resulting from the release. Servicers are encouraged to download the data dictionaries for each referenced program on HMPadmin.com.

Additional information including detailed release notes will be made available prior to the release.

NOTE: *The scope and functionality planned for March 28, 2011 release is subject to change. Servicers will be notified of any changes.*
